

# SALT LAKE CITY ROUND-TRIP

## National Parks

Driving Distance: 1250 Driving Miles

Driving Time: 32 Hours Approx

Recommended Trip: 14 Days

- Day 1            Your first day you arrive in Salt Lake City, Utah and check into a hotel. See the sites of Salt Lake City.
- Day 2            You start your trip from Salt Lake City and drive to Yellowstone, Wyoming.
- Day 3            Today will be your first full day in Yellowstone so you can have a couple short walks around the major geysers.
- Day 4            There are plenty of geysers and thermal springs to see here that are very entertaining. Also watch for the bison just hanging around! They don't seem to mind the people so you can see them up close. Just don't get too close bison are dangerous!
- Day 5            Another day in Yellowstone.
- Day 6            Your next destination is the Grand Teton. We recommend that you stay in this park for two days so you can take your time to see the spectacular mountains and beautiful lakes. There are no other mountains like this anywhere.
- Day 7            Go on a few more walks in Grand Teton and take it easy. Maybe see Jenny Lake.
- Day 8            Leave the Grand Teton and start your drive to Moab. It is a long ride so we broke it up and you will see sites on the way.
- Day 9            You are heading for Moab, Utah but today you are going to see Dinosaur National Monument on the way. You will get to see Dinosaur bones in their natural settings.
- Day 10           You arrive in Moab. Here you will visit Canyonlands and other spectacular parks. You will see things such as red sand stone arches and canyons.
- Day 11           Stay in Moab. Today you could see Arches National Park.
- Day 12           Stay In Moab. Last day to explore any of the parks of interest in this area.

Day 13 Drive back to Salt Lake City, Utah to head home. Great drive and a stop to see some interesting caves in Timpanogos National Monument.

Day 14 Return your motorhome and catch your flight home
